News of Manchester

Manchester Bureau, Times-Dispatch.

News was received here last night of the arrest of T. A. McCoy, alias W. H. Hill, who was wanted in Manchester for several weeks on the charge of obtaining under false pretenses \$30 from the firm of R. C. Ermer & Sons of this city. McCoy was arrested in Chadron, Neb., by the sheriff of that town as he was driving on the main street. It seems that he was on a visit to a relative, Mrs. W. L. Green, of Chadron. The warrant was sent on by Chief of Police James Lipscomb, and McCoy was identified by tattoo marks on his arm. His arrest is considered a remarkable piece of detective work.

Small Fire.

There was a fire last night at 416 West Fourteenth Street, the residence of Mrs. B. A. Baber. Shortly after 9 o'clock smoke was seen pouring in volumes from a second-story window and an alarm was sent in. The fire department promptly responded, and the blaze was soon extinguished. The damage was slight. An immense crowd congregated around the house, and to add to the excitement, Mrs. Baber fainted several times.

Indorse Wells.

A formal petition signed by a number of the most prominent citizens of Manchester requesting the appointment of Ernest H. Wells to succeed the late Judge William C. Clifton as judge of the Corporation Court of Manchester, was presented to Governor Swanson yesterday afternoon. Those whose names are signed to the petition are D. L. Tenney, W. C. Fullam, W. B. Bradley, George E. Gary, R. C. Broadbent, A. Atkins and Dr. E. T. Buckner.

Another petition asking for the appointment of Charles L. Page will probably be sent to the Governor to-day.

Hand Mashed.

Charles Irving (colored), who lives on East Fifteenth Street, and who has been a valued and trusted employe of the Southern Railway for the past ten years, injured his hand seriously yesterday afternoon while coupling cars in the company's yard.

Messrs. L. E. and S. S. Ullman, who have been engaged in the grocery business on Hull Street for the past ten years, commenced yesterday afternoon to move into their new quarters across the street. The new building will contain three stories. It has a floor space of nearly 2,000 square feet, and is said to be the largest retail grocery store in this section. It is of fire-proof construction, is equipped with electric elevators, patent feed elevators and automatic measures. There are also patent rat-proof and insect-proof sliding bins, and slate-lined sink counters.

Objects to Baseball.

G. P. Eggleston, of 811 Semmes Street, made a complaint at the police station yesterday afternoon, charging a number of boys and young men with disorderly conduct. The offense seemed to consist of playing baseball on a vacant lot about a block away from Mr. Eggleston's residence, which seemed to cause him much annoyance. The young men claimed that the lot belonged to the Atlantic Coast Line Railroad, and that they had obtained permission from the company to play there. The offenders are summoned to appear in the Police Court this morning.

Mayor Maurice Away.

Mayor Maurice left yesterday morning for a week's vacation in the country. During his absence, Squire H. Jordan will preside in the Police Court.

There are also patent rat-proof and insect-proof sliding bins, and slate-lined sink counters.

BROWN STILL LEADS IN RACE

(Continued from Page One-Column 5.)

committee may be a stormy one, for indications point to a resolution from the insurgent camp, asking why the pledge, presented by a leader of the machine forces, was not generally observed, and, of course, Colonel Day, who was the author of the resolution that demanded strict observance of the pledge, will join in the fight to ascertain the reasons for its alleged violation in various sections. The meeting of the committee will be awaited with great interest, and those who are practically on the fence as to what they shall do will not determine their course definitely until the party authorities shall have spoken.

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

KILLED BY GREAT HEAT

Five Die as Many Suffer During a Day in New York.

NEW YORK, August 9.—The thermometer of the local Weather Bureau, which looks with condensation on sweltering humanity from an elevation 150 feet above the St. Regis, registered 92 degrees at 3 o'clock this afternoon, the hottest day of the summer, and within 3 degrees of the hottest August day ever recorded here by the department. In the succeeding hour the mercury fell four degrees, and at sunset a refreshing breeze sprang up, but parks, recreation piers, city docks and other open spots were crowded to-night with sleepers, watched over by the police, and the temperature was still above 80.

Hundreds of thousands sought Coney Island and the beaches for relief, but by an irony of nature it was 95 degrees at Coney Island when it was 95 degrees at New York. Prostrations were continually being reported by the city hospitals, and five persons—four of them infants and one an old man—died from the heat at the seashore.

Announcement was made from the general offices of the Southern Railway yesterday of the appointment of Walter Shipley as commercial agent at Houston, Tex.; G. A. Reinhardt, traveling freight agent, 228 Washington Street, Boston, Mass.; Vice D. J. Taylor, appointed agent Eastern and Southern Dispatch, Boston, Mass.
